Dear Kristi-Anne,

Lydia and Rhys did a really great job- the children were fascinated and could not stop talking about them 😊 Thank you very much again!! Your plays are really great for the students, they are included and could even dance with your actors 😊 One can see that you've put a lot of work into writing your plays. The younger students were more interested than the older ones but I think that is typical of that age 😊

It was very easy to organize everything with you- thank you for that as well. I will definitely recommend your group to my colleagues at other schools.

The colleagues at my school were very pleased as well! We are thinking about inviting you every year so it becomes a fixed event at our school.

Yours sincerely  
Mona Schweinsberg
