

Shakespeare's Bottom 28.11.2016

Dear Kristi-Anne Seth,

...

Shakespeare's bottom was just amazing, as well as the title of the play which indeed made us burst into big laughter after all. Our students really enjoyed the play, in particular the interactive setting and scenery, as well as the humour and proficiency of your actors. For us the play was highly inspiring, especially with regard to retelling Shakespeare and making it more modern and appealing to students. In this way the performance was a real success and our students are happy to read more of Shakespeare's Bottom :).

Happy Advent time and Christmas season to you and your family.

Yours Claudia Rosenberger
